

EFT POS Terminal

Our products are developed to fulfill the demand and needs in the secure payment and transactions market.

IC3500

PORT.

SPECIFICATIONS

IC3500	
CPU	ARM 32bits Secure processor 400Mhz
Flash Program	32MB Flash ROM or 128MB NAND option
SDRAM	32MB SDRAM
SRAM	Optional 2MB Battery backup SRAM
LCD	Color TFT LCD 480 x 272 16.7M colors with LED Backlight resistive touch screen
Contactless Card reader	Optional Support Mifare, Type A & B
IC card	1 Smart Card with 4 SAM Sockets EMV L1/L2 V4.3 Compliant
MSR	Triple Track
Buzzer/Voice	PWM , Option Voice Output
RF Modem	Option WiFi 802.11b/g and Bluetooth 2.1
Modem/LAN	56K modem (Async & sync support) & 10/100 Ethernet
RS-232/USB	Up to 460,800 bps one General Purpose Serial Port & USB Port
Printer	2" Thermal Line Printing Number of Dots : 432 Speed : 200m/sec Build in jam free Auto paper cutter
Power Supply	90 to 250 Volts AC 50/60HZ.(SMPS Free Voltage AC Adapter)
